BE IT FURTHER RESOLVED that the attached exhibit is a description of the classes of lots and the legal descriptions of the affected property fronting or abutting upon the affected streets which lots and property are to be assessed and levied by way of special assessment to pay for said improvement.

BE IT FURTHER RESOLVED that the cost of said project shall be assessed against all assessable lots and tracts of land, whether platted or unplatted, fronting or abutting thereon, and the method of apportioning the benefits to the lots shall be according to the provisions of SDCL 9-43-79 as to each of such lots or tracts above stated. The total cost of the project shall include the labor and materials of the infrastructure improvements to include the removals, excavations, grading, concrete pavement, concrete curb & gutter, asphalt pavement, concrete driveway approaches, concrete driveways, concrete sidewalks, pavement markings, permanent signage, retaining walls, fencing, aggregate base course, gravel surfacing, erosion control, landscaping (topsoil, terrace grading, seeding, etc.), storm sewer, drainage structures, sanitary sewer main, sanitary sewer services, water main, water services, and to include any and all appurtenances associated with said items along with any other special items as required by the project or specifically requested by the property owner and all engineering, inspection, testing, publication, fiscal, legal, land acquisition and other expenses incidental thereto. After determining the final amount of the total cost of said project, a portion shall be assessed according to the provisions of SDCL 9-43-79, and City of Salem Ordinance #678, on an Adjusted Front Footage Method of Assessment for those receiving special benefit. The estimated total cost of the project is \$5,350,000. The estimated assessment shall be approximately \$68.00 per Adjusted Front Foot for properties adjacent to all streets except Corson Ave and \$25.00 per Adjusted Front Foot for properties adjacent to Corson Ave.

All properties will be assessed based on actual as-constructed quantities associated with the proposed improvements as further defined herein. Costs for over width, over depth, over sizing and intersections will be paid by the City of Salem.

BE IT FURTHER RESOLVED that the assessments above described shall be determined immediately upon filing of the Assessment Roll in the office of the Municipal Finance Officer of the City of Salem and divided into ten equal annual installments, which shall be payable under Plan One, with collection by the McCook County Treasurer, as set forth in SDCL 9-43-102, *et seq*, as amended, and that all deferred installments shall bear interest at such rate determined by the City Council, according to law.

BE IT FURTHER RESOLVED that the Finance Officer is directed to take such action as is necessary to carry out the intent of the resolution.
